For Immediate Release:

Style Crest®, Inc. marks 41 years of manufacturing and delivering innovative products

In 2011, Style Crest®, Inc., a national wholesaler of building products and manufacturer of vinyl siding products, will mark its 41st anniversary of delivering and manufacturing innovative products to the residential housing industry.

CORPORATE OVERVIEW

Style Crest continues its tradition of bringing innovation to the industry, whether it is bringing distinctive new products to market or offering a creative service platform, the focus is on creating partnerships and business opportunities for customers and vendors. In fact, the Style Crest motto is: our shared commitment leads to our shared success.

Style Crest corporate headquarters and manufacturing facilities are based in Fremont, Ohio, to serve customers throughout the United States and export globally. Six distribution centers in other states serve customers across the eastern half of the nation.

LEADERSHIP TEAM

Tom Kern	CEO and President	Mike Kern	Executive Vice President, Sales

BUSINESS BRANCHES

Style Crest Building Products – manufactures building products for the residential construction and remodeling industry including vinyl siding through HOMEX® Innovative Exteriors, designed for building material dealers, RMC Siding™, focused on the needs of building material distributors, and support accessories through the Perrenia program. There also are unique specialty siding products to meet the demand for innovation in the market. Distributed products include injection molded copolymer siding from Novik; wood-fiber composite Latitudes® decking; vinyl railing from Tuscan Manufacturing and a variety of complementary products. More information is available at www.stylecrestbuildingproducts.com

Style Crest Mobile/Manufactured Housing – distributes a full line of products for the manufactured housing and mobile home industry, including HVAC equipment, plumbing, electrical, vinyl siding and skirting, entry steps, doors and windows. More information is available at www.stylecrestproducts.com

Style Crest Logistics – provides integrated supply chain solutions including warehousing, delivery, repackaging and City Dispatch™ services to northwest Ohio. More information is available at www.stylecrestlogistics.com

Whether it is providing a creative service platform or bringing distinctive new products to market, the Style Crest focus is to develop workable, attractive business opportunities for customers and vendors. For more information, visit the corporate website at www.stylecrest.net.
